

Tis' the Season!

The Christmas dinner celebration in the clubhouse was definitely a success. Previous to the event our youth helped decorating the clubhouse with some hand made crafts and adorning of the Christmas tree.

Multiple members representing about 20 different families attended the activity. There were all kinds of fun games where the whole family participated. The Christmas dinner was tasty with the typical flavor that Latinos use in their meals. It will surely be an unforgettable day, not only for the DR3AM'RS but also for their families.
